We are selling agricultural land with a total area of 53,418 m2, consisting of several cadastral plots. The land includes:

Arable land, meadows and pastures - currently neglected and overgrown with low vegetation and smaller trees suitable for firewood, but with minimal investment they can be brought back to their purpose and are ideal for agriculture and livestock farming.

Forest - composed of long-standing trees that are ready to be cut and can be used for various purposes (lumber, firewood, etc.).

The land is located in a natural environment, suitable for various forms of agricultural activities, rural tourism or livestock farming.

All plots are being sold together.
