Surrounded by nature, this elegant villa offers comfort and privacy for all family members. It spans two levels – ground floor and first floor – and provides the perfect balance of modern comfort and Mediterranean charm.

The villa features a large landscaped garden. On the ground floor, it consists of a technical room, a toilet, a spacious living room with a dining area, and a separate kitchen. Large glass walls open up to the outdoor terrace and an impressive heated pool measuring 3 x 23 m. Internal stairs lead to the first floor of the villa, where three spacious bedrooms are located (all with access to the terrace), a hallway, two bathrooms, and a large covered terrace.

The garden is carefully landscaped with Mediterranean plants such as lavender, rosemary, oleander, fruit trees, kiwi, and Indian lilac, while an automatic irrigation system ensures their lasting beauty. The exterior features a dining table, a 4x4 m pergola, a barbecue, and a summer kitchen, along with a seating area and a sunbathing area with loungers, perfect for fully enjoying the tranquil surroundings.

Security is guaranteed by an alarm system, a video intercom, and an electronic lock with a keypad. The interior is adorned with oak parquet flooring with underfloor heating, while a pleasant climate is maintained by BOSCH devices in every room.

Parking is provided for three cars, with automatic gates to the yard.
