The house is built of stone, has two floors, is partially furnished, and is move-in ready with minor investments. It has been well-maintained over the years, and a new roof was recently installed, which is a significant advantage for future owners. The total living area is 143 m², while the yard covers 659 m², providing ample space for a garden, terrace, or additional amenities.

Adjacent to the house is a building plot of 473 m², which is included in the price and represents the last parcel within the construction area.
