NEW BUILDING – SMALL RESIDENTIAL COMPLEX UNDER CONSTRUCTION (3 BUILDINGS IN A ROW)

For sale is a small residential complex under construction consisting of three modern buildings in a row. Each building is designed as a residential unit with a total of four apartments, distributed across the ground floor and two upper floors.

The apartments feature a functional layout, emphasizing comfort, natural lighting, and high-quality building materials. Each apartment comes with a parking space, and modern energy-efficient equipment is planned.

Apartment A is located on the ground floor of building A2 and consists of: a living area with a kitchen and dining room, 2 bedrooms, a bathroom, a hallway, and a terrace.

The complex is situated in a quiet location ideal for family living or as an investment for rental, with easy access to all essential amenities – shops, schools, public transport, and beaches.

The project is currently under construction. The apartment also includes a storage room and a parking space.
