For sale is a plot of 473 m² with a project for a duplex house. The application for a building permit has been submitted and is expected to be completed soon.

The plot is located in a popular tourist region of Croatia, just a 15-minute drive from the sea.

It is possible to purchase the plot for the entire duplex (a total of 4 for sale).

 We also offer a complete project realization cycle - from the purchase of the plot to the delivery of the finished project on a "turnkey" basis. The investor does not need to organize contractors, supervise construction, or seek a management company - everything is under the control of an experienced team.
