From the balcony, there is a panoramic view of the sea and the Kvarner islands, adding further value to this property.

Project features:

16 apartments of various sizes and layouts

Modern architecture and high construction quality

Quiet and safe location close to all amenities (schools, kindergartens, shops, public transport)

Well-maintained and organized neighbourhood

The apartments are designed with an emphasis on comfort, privacy, and long-term value, using top-quality materials and finishes. The entire apartment features underfloor gas heating, and air conditioning units are installed in all rooms and the living room. Sanitary ware and ceramics are sourced from renowned manufacturers, and the floor plans are carefully designed for maximum functionality.

Estimated move-in date: Autumn 2026.
