BANJOLE – 1,458 m² OF BUILDING LAND, TWO PARCELS, PROJECT AND BUILDING PERMIT

An attractive building land for sale with a total area of 1,458 m², located in a quiet part of the settlement of Banjole, in the municipality of Medulin.

The land consists of two parcels of equal size, and the property is particularly valuable due to the completed project and building permit for the construction of a family house on one of the parcels.

There is a possibility to purchase both parcels as a whole or to use one for building your own house, while the other can serve as additional space, a private yard, or a separate investment.

An excellent opportunity for buyers looking for building land in an attractive location near the sea, either for personal residence or as a long-term investment.
