Barbecue integrated into the side, vertical beams.

4 parking spaces and a charger for electric vehicles.

Sea view from the ground floor, pool.

Modern lines and shapes elegantly blend with natural elements, creating a harmonious blend of tradition and innovation.

Large glass walls allow for abundant natural light illuminating every corner of the space.

An indispensable part of this modern concept are the openings in the roof, the entire length above the stairs, which, in addition to natural light, provide a unique opportunity to experience a sense of freedom and connection with the atmosphere and natural elements. The roof openings also allow for a view of the starry sky at night, creating a special atmosphere and experience.

The infinity pool is the center of this modern villa, creating the illusion of merging water with the sky or sea in the distance. One of the pool walls is made of transparent glass, which creates a unique visual effect. Next to the pool itself, separated only by transparent glass, is a fire pit, another enchanting addition that completes the villa's ambiance. The fire pit, located at pool level, provides warmth and a romantic atmosphere, creating the perfect place to socialize and relax. In the evening, the flash of flames reflects off the glass wall of the pool, creating a captivating play of light. For a complete experience, future owners will have the opportunity to relax in an elegant sauna with a starry sky or enjoy the intoxicating experience of an outdoor jacuzzi.
